Life at the Fair

The California State Fair is 17 fun-filled days from July 12 – July 28, 2024. It boasts hundreds of commercial exhibitors and concessionaires, high-caliber entertainment, livestock, crafts, animals and agriculture, thrilling rides and loads of activities for the whole family.

Before you apply for space at the State Fair, there are a few things you should know. Putting on a 17-day event takes the tireless dedication and hard work of many team members, including our commercial exhibitors and concessionaires. It also requires that everyone follow the same guidelines, which are outlined in detail in the ***Commercial & Concessions Rules and Regulations Handbook***. You can find this Handbook on our California State Fair's website at www.CalExpoStateFair.com.

Are You a Commercial Exhibitor or a Concessionaire?

A Commercial Exhibitor is someone who sells a product, ride or service at the State Fair. A concessionaire is someone who sells food and/or beverages.

Basic Guidelines

Our team works to be attentive and responsive to your business needs, as great customer service to our partners is paramount to us. Knowing what to expect in advance can make a big difference in how successful you'll be at the State Fair. While most of the guidelines apply to both commercial exhibitors and concessionaires, there are a few differences. For the sake of brevity, we've outlined a few key items in this booklet.

If you have any questions about the application and selection process, please do not hesitate to contact the Commercial and Concessions Office. For booth/space pricing see the commercial or concessions applications.

Hours of Operation

First and foremost, if the State Fair is open for business, then you as our partner must also be open for business. Some concessionaires may choose to open a few hours earlier each day to serve livestock workers and other early arrivals.

Application

To apply, you will need to fill out an application and return it to us along with your current California Seller's Permit, a recent picture of your booth or stand and a product list/menu with prices. Only complete applications will be considered. If no space is available your company may be placed on a waiting list. As spaces become available, applications are pulled from the waiting list.

Insurance & Workers Compensation

Everyone must provide proof of General Liability insurance including Product Liability in the amount of \$1,000,000 (\$3,000,000 for entertainment and thrill rides). When providing insurance by your own carrier, the name of the insured business must match the business name on the application. Insurance may also be purchased through Cal Expo from the Haas & Wilkerson Insurance Co.

All California employers must provide worker's compensation benefits to their employees under California Labor Code Section 3700. If a business employs one or more employees, then it must satisfy the requirement of the law. Pursuant

to section 3700 of the California Labor Code, each concessionaire and commercial exhibitor must have on file and in their assigned space a Certificate of Workers Compensation Insurance or Certificate of Self-Insurance from the Director of Industrial Relations. For more information, contact the Department of Industrial Relations at (916) 464-7000 or (916) 323-4920 or www.dir.ca.gov.

Exhibit Design & Presentation

If you've been to the State Fair you know that all the booths and stands are designed and presented in a professional, aesthetically pleasing way. There are several guidelines detailed in the Commercial & Concession Handbook that you will need to follow. The State Fair reserves the right to determine whether the display and/or displayed product(s) meet these requirements.

Tents

Outdoor commercial exhibitors are required to use the tent provided by Cal Expo which is included in the rental rate as outlined on the commercial exhibitor application; "Pop-up" and "E-Z up" tents are not allowed. If you are a concessionaire, tents are not allowed.

Evaluation – Audit Review

Evaluations and audits are based on State and County Regulations, conformance to the State Fair Commercial & Concessions Rules and Regulations, quality and appearance of product sold general appearance of space and the appearance and service of staff and personnel. Post event evaluations will be used in determining acceptance in future State Fairs.

Food Stands

Because the State Fair runs for 17-days, the Health Department requires food stands to be a permanent structure such as a trailer or a booth. It's much like having your own "mini-restaurant" for the duration of the Fair.

Health Department

State Fair cares deeply about public health. As such, all concessionaires are required to follow all Health Department guidelines, including attendance at the Safe Food Handling Training scheduled prior to Opening Day of the State Fair, being Food Safety Certified, and paying all safe food handling fees. Anyone handing out samples of food will need to pay the appropriate safe food handling fee and provide product liability insurance. For more information on Health Department requirements, contact the County of Sacramento Environmental Management Department at (916) 875-8484 or www.emd.saccounty.net.

Paperwork

When working with governing agencies like the Health Department and the Board of Equalization there can be a fair amount of paperwork involved. All vendors, commercial exhibitors and concessionaires, must obtain and provide a current resale permit. It will be up to you to be sure you have all the appropriate forms and certificates completed prior to the opening day of the State Fair.

Soft Drinks and Bottled Water

PepsiCo is the exclusive sponsor for soft drinks and bottled water at the State Fair. Consequently, no other soft drink, energy drink or bottled water products are permitted to be sold, sampled or given away on Cal Expo property at any time.

Selection Process

The following is a list of what is considered when evaluating applications for placement in the State Fair.

Commercial Exhibitors / Concessionaires

Space availability

Value to Fair guests

Uniqueness of product or type of food served

Appearance of booth/stand Prior experience

Evaluations (returning applicants only) - Audit Reports (returning applicants only – only if on percentage)

Paperwork submitted in a timely manner

Product Diversity

The State Fair strives to present a unique and diverse shopping experience. Although there is some duplication, we try to incorporate many new and exciting products for our Fair guests. When choosing the product, you would like to sell please keep this in mind.

Product Exclusivity

Commercial exhibitors will not be granted exclusive rights to exhibit, promote, demonstrate and/or sell products or services; unless such exclusive rights were granted through a specialized contracting process - such as major sponsorships or competitive bidding.

Items including but not limited to, balloons (any size), inflatable toys, stickers and glow-in-the-dark novelty items are covered under the State Fair's Novelty Agreement as exclusive items for sale by that contractor only. These items may not be sold, used as giveaways or promotions or used as signage or decorations by any commercial exhibitor, sponsor or participant in the Fair.

Product List / Menu

If an agreement is issued, only those items listed on the contract or approved menu may be sold. Any request to add or change product(s) offered for sell or change menu items must be submitted in writing and receive preapproval. Such preapproval is at the sole discretion of the State Fair.

Product Sales / Restrictions

As a safe and family-friendly event, certain items will not be considered for sale or giveaway, including but not limited to: weapons of any kind, lasers, and products made from endangered animals, pornographic or drug related items, items depicting the confederate flag, adhesive stickers of any kind, etc... In submitting your application, you agree that the State Fair has sole discretion to determine whether an item is considered offensive or in poor taste and to prohibit the sale or display of such items.

Reporting Sales

Per Assembly Bill 1499, effective July 1, 2018, the California Division of Tax and Fee Administration (CDTFA) is requiring vendors who make sales of tangible personal property on a California state-designated fairground to separately state the amount of those sales on their Sales and Use Tax return. **There is no additional tax or fee due on these sales.** For the most up-to-date information regarding this reporting requirement, please reference <http://www.cdtfa.ca.gov/industry/state-fairgrounds.htm> or contact CDTFA directly.

Sponsorship Categories

Sponsorship categories encompass the following fields and/or products and are sold through a third-party contactor, Event Partnership. Mattresses, massage chairs, satellite and cellular services, BBQ, spas, skincare products, mobile tours and some timeshare models. For sponsorship inquiries please contact Brian Honebein, Event Partnership at (916) 402-8313 or brian@eventpartnership.net

Sub-leasing / Booth Sharing

All exhibitors are strictly prohibited from sub-leasing, assigning or apportioning the whole or any part of their contracted space to any other business or individual.

Other Opportunities at Cal Expo

Cal Expo hosts hundreds of events each year, which often include commercial exhibits and concessions. To see which events might be right for you, visit www.CalExpoStateFair.com and check out our calendar of events. In most cases, commercial exhibitors will work directly with the organizer of the event and food concessionaires will work with Cal Expo's exclusive master caterer, Oak View Group Hospitality (OVG), who can be reached at (916) 978-9459.

Cal Expo also enters into contracts annually to support every aspect of the State Fair as well as the maintenance, development and rental of the property during the rest of the year. The California State Contracts Register lists all State contracts open for bid at www.dgs.ca.gov. Please direct questions about Cal Expo contracts for services to our Contracts Office at (916) 274-0699.

Cal Expo also contracts for purchases of items such as office and paper products, printing, hardware, mechanical and motor vehicle parts, and paint and lumber. Certified Small Businesses and Disabled Veteran Business Enterprises are actively supported by Cal Expo. If you have any questions about Cal Expo contracts for purchases, please call our Business Services Office at (916) 263-3032.

Again, thank you for your interest in The California State Fair and Cal Expo. We look forward to being of service.

Accounting Procedures

We want you to have a successful and lucrative fair as much as you do. If your fee is based on a percentage of gross sales, these are the accounting procedures you will follow to tally your earnings. They are based on good accounting practices that will provide you with accurate information on which to base all your important business management decisions. Should you have any problems adhering to these procedures, or don't understand them, please ask a staff member in the Audits Office located next to the Administration Building for more information.

Failure to comply with these financial reporting procedures will be considered a violation of the Agreement. If the violation is so severe that it must be dealt with immediately, State Fair management will be called upon to review the problem and come up with a solution. Violations will be taken into consideration when reviewing applications for future State Fairs or may result in immediate cessation of the right and privilege to do business with the State Fair.

Cash Registers

All sales must be recorded by use of an approved cash register or accounting system. So that accurate records can be kept. Each cash register must have the following:

- Dual Tape/Readable tape (customer must be offered a receipt)
- Customer Display (pivot display suggested)
- Continues grand total
- Cumulative "Z" counter
- "X" Readings
- 30-day back up battery
- "Current" printed date on detail tape
- Key protector
- Price Look Up (PLU) or present keys

Commission Payment Formula

All food concessionaires and certain commercial exhibitors pay for their space by a percentage rent formula based on a Gross Sales Formula. The percentage rent as stated in your contract is applied to this amount.

Gross Sales receipts ÷ 1.0875(sales tax) or current rate = Net Sales Total
Net Sales total
x Commissions % = Total Commission Due

Total Commission Due - Scrip = Net Commission Due

"Gross Sales receipts" means all monies, Scrip, paid or payable to you for sales made or services rendered at or from the premises, or from any other source related directly or indirectly to operations under the Agreement, whether collected or uncollected, whether for cash or credit, it being understood that the term "gross receipts" shall include sales tax.

Daily Sales Reports

Under the Agreement, you are required to maintain a daily record of all gross receipts derived from your operation. This record is to be available to the State Fair at any time during the State Fair and for the three following years. Daily sales report forms will be provided at check-in. Daily "Z" reports will be required that give a breakdown and accounting of all sales activity for each day. Please check the status of the receipt and journal tapes prior to a "Z" out to make sure you do not lose any daily sales information due to lack of register tape. Attach the "Z" tape to the daily sales report so the State Fair staff can double-check your figures. When changing journal tapes, the used tape must be kept on grounds during the entire State Fair.

Turn in the previous day's daily sales report at the Audits Office, between 8:00 AM and 11:00 AM daily. Only complete daily sales reports will be accepted, please allow enough time so that any questions concerning sales sheets or other issues can be addressed.

We will maintain a continuous running total of your sales, which you are welcome to review at any time. Just ask at the Audits Office. Any "Z" tapes not picked up after final settle-up will be destroyed 10 days after the last day of the State Fair.

Paydays

Settlement of daily sales reports for Exhibitors/Concessionaires on a percentage will take place two times during the State Fair. Exhibitors/Concessionaires on a percentage will be required to pay on the following two dates:

- Monday, July 22, 2024, 8:00 AM to 12:00 PM
- Sunday, July 28, 2024, 11:00 PM to 2:00 AM

All commission payments must be paid with check only. Scrip money is to be turned in daily with your Z tapes.

Any remaining payments/fees for Exhibitors/Concessionaires on a percentage, less sales tax, are due and payable to the State Fair Monday, July 29, 2024, 9:00 AM to 11:00 AM.

Register Tagging

State Fair Auditors will check each stand/booth to record the model numbers and serial numbers for all cash registers, including backup registers. Once it is approved for use, each register will get its own register tag. Register tagging will be Tuesday, July 9, through Thursday, July 11, 8AM - 5PM. Opening "Z" readings will be required at that time. Please be aware that registers cannot be used for sales until they have been tagged and the information has been recorded. If your stand opens prior to Opening Day you will need to notify the Audits Office to make an appointment for your registers to be tagged ahead of schedule. The phone number will be provided in your check-in packet.

Register Tapes

Under the Agreement, all cash register tapes documenting your sales are to be turned over to the State Fair daily. For the purpose of maintaining an accurate audit trail, all cash register tapes need to be identified by the State Fair register tag number, name of exhibit/stand, space number and date.

Scrip Money

All Concessionaires **will** accept Scrip money for face value. Scrip money requires change and is valued in \$5.00 increments. Scrip money is turned in daily with your Z tapes.

Americans with Disabilities Act - ADA

You must comply with the Americans with Disabilities Act ("ADA") of 1990 as amended, (42 U.S.C. 12101 et seq.), which prohibits discrimination on the basis of disability, as well as all applicable regulations and guidelines issued pursuant to the ADA. For more information, please visit the Americans with Disabilities Act website at www.ada.gov.

E

Electrical

All electrical installations must conform to the Electrical Safety Code of the State of California. Your electrical needs will be determined from the information provided on your application. If, upon arrival, your electrical needs have changed or increased, an additional electrical fee will be charged. Each indoor exhibitor who requires electricity above and beyond the 110 volt, 500 watts provided for each 10'x10' space will be assessed the appropriate additional electrical fee plus a 20% facility utility surcharge paid directly to the show decorator (Sacramento Stage Lighting). A flat fee will be charged per outdoor exhibit, 110 volt, 500 watts, unless otherwise indicated. Electrical hardwire is an \$80 flat fee per connection. See Commercial or Concessions applications for fee table.

Electrical Guidelines:

- All cords 70 Amps and less must have plugs.
- 220 volt cords must be #6/4 gauge or heavier wire with NEMA Plug #14-50P.
- 110 volt cords must be #12/3 gauge or heavier wire with NEMA Plug #5-15P.
- Electrical appliances such as fans, computers, coffee makers, microwave ovens and televisions that are for the convenience of the Exhibitor/Concessionaire and not a part of the exhibit itself may overload the electrical system put into place to service each booth's or stand's exhibit. Power failure in specific areas may occur as a result of the overload. If the need arises, you may be required to remove any or all of these items from the premises.

- Use of butane in any building is prohibited.
- All connections to State Fair electrical lines must be made by State Fair personnel.
- Plugs, extension cords, cord caps, electrical motors or other electrical equipment are not provided by the California State Fair.
- Non-electrical motors are not permitted to be operated without prior written approval of the California State Fair.
- All extension cords and electrical appliances must be grounded three-pronged or double insulated types. No two-prong ungrounded extension cords or electrical appliances will be permitted on the premises unless it is clearly marked on the exterior of the product by the manufacturer that the product is double insulated.
- No zip cords are permitted.

The State Fair is not responsible for any loss arising from the Exhibitor/Concessionaire's use of premises nor for loss or damages resulting from power interruptions and utility failures. If you have a mobile food stand, you are required to have 50 feet of correctly sized cord and the appropriate cord cap to connect the stand. If you have a stock truck, you are required to have 100 feet of correctly sized cord and correct cord cap. Should you arrive at the area with the wrong sized cords or incorrect cord caps, there may be a delay in getting electrical service. If you require electrical service in excess of 50 amps, you must have a cord that is large enough to carry requested amperage. **You must identify/tag all power cords/hoses for each stand with tape. Please print stand name and stand number on each tag.**

Employer Guidelines

State Fair is an equal opportunity employer and we expect all our exhibitors and concessionaires to follow the same guidelines. We also strive to maintain a quality professional atmosphere, so all employees must be properly and tastefully clothed and conduct themselves in a professional and courteous manner at all times. Each exhibitor and concessionaire are ultimately responsible for any claims, liabilities and actions relating to the conduct and representation of their personnel.

Your exhibit design must match the approved application and photographs that you submitted to the State Fair. We cannot allow you to make any alterations, improvements or permanently affix any personal property to the premises. Under no circumstances are you to paint, remodel or renovate the area without the approval of the State Fair.

Booths

All in-line and corner booths will be finished with back draping and three-foot side drapes. Side partitions and display materials are not to exceed four feet in height for a distance of five-feet back from the aisle. No part of the exhibit or merchandise shall extend beyond the step-down design or block the view to adjacent displays. Equipment such as carpet, tables and chairs in the booth is the responsibility of the exhibitor and **booth numbers must remain in view at all times**. Seating and tables may be required by any stand that is serving food on dinner plates. No part of your display may extend outside of your contracted space. You may not have any unfinished walls exposed to public view. All backstock/storage items must be hidden from public view within your contracted space.

Exhibit Height

Indoor back drape height is 8 feet. Outdoor booths must not exceed 12 feet in height. Any part of your exhibit, including signs, may not exceed the height of the back drapes. The only portion of the exhibit that may exceed the height of the back drape (8 feet) must be an actual product that you are selling such as flagpoles, ladders or very tall plants.

Rain Rules

The State Fair reserves the right to move, remove or relocate any sign deemed necessary.

Sound Devices

All sound producing devices such as radios, televisions, microphones, stereos and public address systems are subject to the approval of the State Fair and will be controlled so they do not interfere with the public or your neighboring exhibitors and concessionaires. All speakers must be in the rear of the booth or stand pointing down towards the ground and the microphone must remain at the level designated by the State Fair. If interference exists or persists, the State Fair reserves the right to revoke your privilege of using any sound devices at any time. For more detailed information on how to comply with the food safety laws, please inquire with the department at (916) 875-8484 or www.emd.saccounty.net. Your booth or stand must be staffed at all times and there must be a person of authority, such as an owner or manager, on the premises while the State Fair is open to the public. The health guidelines must be followed at all times and will be part of your health inspection. (Bear in mind your first inspection is your own self inspection.) If you receive any major violations during your initial inspection, you may be subject to additional training. Per State Fair rules, if you are closed any length of time for a major/critical violation on Opening Day, regardless of the time closed, you may be subject to no-return rights for future years.

For specific guidelines on Safe Food Handling, please refer to the State Fair Food Facility Operating Requirements document included in your move-in packet.

Re-Inspections

If your stand receives one or more major violation during your initial Health Department Inspection, your stand may be subject to closure by the State Fair until a re-inspection is made. If you fail to correct the violation upon re-inspection, or are cited for critical violations, you may be closed for the duration of the State Fair, your location may be revoked, and your stand may be removed, per State Fair regulations. Critical violations are those which may compromise public health resulting in food-borne illness if not corrected immediately. You will be charged any re-inspection fees by the State Fair during your scheduled Commission payments.

Safe Food Handling Fees

Safe food handling fees are to be paid directly to the State Fair. We will, in turn, combine all fees and submit them along with one application to the County of Sacramento, Environmental Health Department. This is not a "health permit" fee. Please note that all prepaid vendors must pay this fee, and that veterans' and non-profits' exemptions will not be recognized.

Sampling

If you hand out prepared or pre-packaged food samples you will need to pay the appropriate safe food handling fees as outlined. Food samples are limited to "bite size". Beverage samples are limited to a 2 oz. serving or package. Alcoholic sampling is not allowed. See the State Fair Food Facility Operating Requirements, included in your move-in packet, for sampling requirements.

Self-Inspection

Any deficiencies noted on the form should be corrected prior to the Health Inspection.

The Health Inspection Team will be conducting inspections on Opening Day. If no one is in your stand or if the self-inspection form is not completed and posted when the inspectors arrive, you may be charged a re-inspection fee.

Merchandise

Because we want all of our exhibitors and concessionaires to have a successful and lucrative fair, you may not give away or sell any items that will create unfair competition for our food vendors, novelty contractors and game vendors. With that said, the following items, including but not limited to, cannot be sold or given away: candy, popcorn, nuts, novelties, balloons, colored postcards or souvenirs, tee shirts, photo buttons, plush animals, badges, canes, whistles, beach balls, small

plastic toys, inflatables, patches, bumper stickers, decals, hats, sunglasses and any other item that could create the aforementioned unfair competition. You are not allowed to sell, give away or display any items not specified in your Agreement. It is also very important for us to keep a diverse mix of products in the Fair. Layout changes may result in your number of stands or booths being reduced.

Product Exclusivity

Commercial Exhibitors will not be granted exclusive rights to exhibit, promote, demonstrate and/or sell products or services. Items including but not limited to, balloons (any size), inflatable toys, fidget spinners, and glow-in-the-dark novelty items are covered under the State Fair's Novelty Agreement as exclusive items for sale by that contractor only. Any motorized vehicle that is part of your display must be approved by the State Fair in advance and remain in place during the entire 17-day run of the Fair. If you are exhibiting vehicles powered by internal combustion gasoline engines inside buildings, please follow these guidelines:

- Gasoline must be drained from the tank allowing only enough fuel to enable the vehicle to drive in and out of the building.
- To deter removal, the gas cap must be taped in place.
- A non-combustible drip pan must be placed under the vehicle.
- The battery(s) must be disconnected with the battery terminals taped with electrical tape.
- Vehicles must be available for inspection by the State Fair management and the State Fire Marshal.

O

Offensive Items

We reserve the right to prohibit the sale, rental or display of any item that we reasonably deem objectionable from the standpoint of taste, quality, or compatibility with the State Fair. Please note that we will not exercise this right for the purpose of controlling the economic return or to protect exclusive licensing or similar arrangement between State Fair management and others. Some items that will not be considered for sale, giveaway or rental include, but are not limited to: weapons of any kind, lasers, high-powered water guns, rubber band guns, toy guns, products made from any endangered animals, pornographic or drug-related items, or any items displaying the Confederate flag.

P

Parking Credentials - See the 2024 Parking Credential Request Form for pricing.

If you have rented an RV space in Lot 16 you can also purchase a Stock Truck pass and/or a vehicle pass for that lot if space is available. Daily and seasonal exhibitor parking credentials are available. These credentials allow parking in all public lots on weekdays and auxiliary lots on the weekends. Any vehicles, including trailers, parked on the Cal Expo facility without appropriate parking credential will be towed at owner's expense. Overnight parking is forbidden in all public lots.

Levee Parking Credential

A Box Office representative must (no exception) measure your vehicle to insure it will fit before a space will be assigned. Once your vehicle is measured the Box Office representative will issue a space number and place the permit sticker in your vehicle. The vehicle that is measured is the only vehicle allowed in your space. If you park in a levee space without the appropriate credential your vehicle will be towed at your expense. Vehicles may be measured starting on **July 5**.

Please note that there are no refunds or exchanges on any parking credentials.

Sustainable Packaging for the State of California Act of 2018 (SB1335)

The Sustainable Packaging for the State of California Act of 2018 (SB 1335) prohibits state food service facilities (as defined in [statute](#)) from using food service packaging (also defined in statute) that is not identified as reusable, recyclable, or compostable on CalRecycle's [List of Approved Food Service Packaging](#).

If your state agency has any food service facilities or concessionaires that are subject to SB 1335, please forward this message to the Procurement staff who purchase food service packaging or forward to the Contracts staff who oversee the contracts of the concessionaires operating on state property. Examples of food service packaging products are: bowls, cups, plates, containers, trays.

[SB 1335](#) aims to ensure food service packaging fits into the state's recycling and composting systems, encourage packaging design improvements to protect public health and wildlife, create more takeback and reuse options at state facilities, and reduce contamination in recycling and composting streams.

Food service facilities, such as cafeterias, commissaries, restaurants, delis, stores, shops, markets, or mobile food units, are subject to the law if they:

- operate in a state-owned facility;
- operate on state property; or
- are under contract to provide food service to a state agency.

Exceptions:

- Food service facilities may continue to use any food service packaging items that the facility acquired prior to March 4, 2022.
- The law does not restrict the following items:
 - ceramic, porcelain, glass, and non-foil metal items that are cleaned and reused;
 - straws, lids, plastic bags, and utensils;
 - beverage containers; and
 - packaging of prepackaged, sealed food not prepared by the facility.

Additional information regarding SB 1335 can be found by visiting [CalRecycle’s website](#).

If you require any clarification or assistance related to SB 1335, contact CalRecycle at SB1335@CalRecycle.ca.gov. CalRecycle appreciates your attention to this matter and your commitment to fostering environmentally responsible practices within state food service facilities.
